'G' Section

4AL19CS079

Algorithm

1. Start
2. Enter a string
3. $len = strlen(str)$
4. for $i=0$ do $i < len$
 - if $(str[i] == ' ')$
 - for $j=i$ do $j < len$
 - then $str[j] = str[j+1]$
 - proceed len
5. Output string after removing spaces
6. Stop.
