Algorithm

- Step 1: start
- Step 2: Input the array elements
- Step 3: Repeat from 1=2 to n
- Step 4: if $(arr[i] > large)$
- Step 5: $large = arr[i]$
- Step 6: if $(arr[i] < small)$
- Step 7: $small = arr[i]$
- Step 8: print small and large.
- Step 9: Stop.

Flow chart
